Viking Vaccination Requirement: Beginning on May 22, 2021, with the official restart of limited operations—and remaining in effect at least through September 30, 2021—all Viking sailings will be available exclusively for vaccinated guests. As such, Viking will need to verify your COVID-19 vaccination status.

In addition to government regulations within the destinations that we will visit, Viking has introduced its own Health and Safety protocol enhancements which have been implemented to protect our guests and crew as the global vaccine rollout moves forward. Viking medical advisors and operations teams will continue to monitor global vaccination rates and entry requirements and we will adjust our protocol and policies as needed to ensure the safety and well-being of our guests and crew.

VeriFLY: To expedite the embarkation process, Viking has partnered with Daon Inc., an independent third-party vendor, to digitally pre-verify guests' vaccination status through the company's VeriFLY app. You will receive an email from Viking with instructions on how to complete the vaccination verification on the VeriFLY app. Please complete the VeriFLY vaccine certification process at least 10 days prior to your cruise.

Digital Health Survey: Five to seven days before your departure, you will be sent a link to the Viking Digital Health Survey that will need to be completed and submitted on www.myvikingjourney.com. Developed by scientific and medical advisors, the survey will only take a minute to submit and verify your wellness prior to travel. Depending on your dates of travel, Viking may require you to submit verification of your COVID-19 vaccination status as part of the Digital Health Survey.

Bermuda Travel Authorization Application (Bermuda/Immunized Guest Process):

This must be completed, or you may be denied flight embarkation or denied entry to Bermuda.

1. One to three days prior to departure, you must complete the Bermuda Travel Authorization process online at: <https://www.gov.bm/coronavirus-travellers-visitors>. Select **"Apply for Travel Authorization"** at the bottom of the Bermuda government's web page. **If you fail to complete this form prior to traveling to Bermuda, you will be charged \$1,000 upon arrival for the completion of the Travel Authorization.**
2. You must take a COVID-19 nasal swab, polymerase chain reaction (PCR) test and provide a negative result no more than four days prior to arrival in Bermuda. COVID-19 PCR test results must be entered as part of Bermuda's online travel authorization process. Guests without a pre-departure test will not be able to obtain Travel Authorization and enter Bermuda. Test results must be presented upon arrival in Bermuda, either as a printed copy or on a mobile device.
3. Upon arrival at the Bermuda airport, you must undergo a second COVID-19 PCR test—the cost levied is US\$75 per guest; MasterCard or VISA are the only accepted methods of payment—administered by the government of Bermuda.

Important: If you are a cruise-only guest and arranging your own airfare, please ensure you are aware of and follow all local requirements for your arrival port and airline carrier.

Health/Travel Documents: Please remember to bring the appropriate travel and health documentation to ensure all requirements have been accommodated. **You will need these forms to check-in for your flight and for customs once you arrive in Bermuda:**

1. Cruise and Air Tickets/Itinerary.
2. Printed and signed copy of your approved Bermuda Travel Authorization form.
3. Printed and/or electronic copy of your pre-departure COVID-19 PCR test result (both preferred).
4. Proof of FDA/WHO approved vaccine certificate.
5. Valid Passport. Passport must be valid for 6 months beyond your planned trip dates.
6. Completed VeriFLY vaccine certification process on your mobile device.

Embarkation Procedure (Bermuda): Upon arrival, you will be required to undertake a COVID-19 PCR test (nasal swab) administered by the government of Bermuda.

This test will be in addition to the embarkation test required by Viking. **Special Note: The ship is designated as a Bermuda quarantine area for Viking guests. You will be transferred to your ship as you await confirmation of a your COVID-19 PCR test (typically 24 hours or less).** You will then proceed to your stateroom where you will be required to provide a saliva sample. **Please refrain from consuming any food or beverage item or smoking for at least one hour before submitting your saliva sample. While waiting for your test results, you, will be able to use the public spaces on board while observing current mask and social distancing requirements.**

You will also need to undergo the following COVID-19 screening prior to your cruise:

- Temperature check (a temperature reading of less than 100.4°F/38°C).
- Questions in relation to your general health, COVID-19 symptoms, or possible exposure.
- Accept and agree to using contact-tracing technology during your cruise.
- Complete any required check-in procedures.

During Your Cruise: You will be tested periodically, on board the ship, as required by Viking and in coordination with the government of Bermuda.

Disembarkation/Return Flight: Prior to leaving your Viking ship, you will be required to undertake a final COVID-19 test to satisfy the requirement for pre-flight testing before arrival into the U.S.

Pre-Cruise Timeline Summary:

1. At least **14 days prior** to departure, be fully vaccinated with a FDA/WHO approved COVID-19 vaccine.
2. At least **10 days prior** to departure, complete the VeriFLY vaccine certification process.
3. No more than **4 days prior** to your departure/arrival in Bermuda—you must receive a negative COVID-19 PCR test result.
4. At least **1 to 3 days prior to travel**—A Bermuda Travel Authorization application must be submitted (with your COVID-19 PCR test results) to the government of Bermuda.
5. **When you travel**—be prepared to show proof of your vaccination, negative COVID-19 PCR test result, approved Bermuda Travel Authorization and valid passport.

Questions: If you have any questions regarding the Viking Health & Safety Protocols, please visit the Viking website at [Health & Safety FAQ](#).

Travel Insurance: As always, we recommend you purchase travel insurance to protect your travel investment and ensure you have the appropriate medical coverage for any unforeseen incidents that may occur during your journey.
