

## IMPORTANT INFORMATION ABOUT YOUR CRUISE

GREECE EMBARKATION (US, Canadian, UK, AU, and NZ guests)

Effective from November 30, 2021

The information included in this document is based on current Greece regulations and the protocols outlined in the Viking Health & Safety Program. Requirements may change on an ongoing basis and may be updated before your departure. **Please recheck this information at least 7 days prior to your departure for any changes.**

### TO TRAVEL WITH VIKING:

1. **Valid Passport** (must be valid for 6 months beyond your planned trip dates)
2. **Proof of full COVID-19 vaccination – certified by VeriFLY** with FDA/WHO/EMA Approved Vaccine (received at least 14 days prior to departure), including Moderna (Moderna), Pfizer-BioNTech (Comirnaty), Johnson & Johnson (Janssen), AstraZeneca/Oxford (Vaxzevria), Sinopharm (Hayat-Vax), or Sinovac-CoronaVac  
**Note:** Starting December 15, guests over the age of 65 who have received their second shot or single-dose vaccine more than 6 months ago **will need a booster shot** to travel to France.
3. **Proof of negative COVID-19 PCR** – taken within 72 hours of boarding first outbound flight from home country/home.
4. **Cruise Documents/Journey Summary**

### ADDITIONAL REQUIREMENTS TO TRAVEL TO GREECE:

1. [Greece Passenger Locator Form Quick Response \(QR\) Code](#)

**Note:** As travel requirements change frequently, for your peace of mind and to ensure you are prepared, **Viking REQUIRES you take a COVID-19 PCR (polymerase chain reaction) test** within 72 hours of boarding your first outbound flight from your home country/home. Be prepared to present negative test results throughout your journey, including upon arrival to your ship or pre-cruise hotel program.

To find a PCR testing location near you:

- **US Guests:** visit <https://www.vikingcruises.com/oceans/my-trip/health-and-safety/covid-19-testing.html>.
- **UK guests:** visit <https://www.vikingcruises.co.uk/oceans/my-trip/health-and-safety/covid-19-testing.html>
- **Canada guests** should locate a testing center.
- **AU guests:** <https://www.smartraveller.gov.au/>
- **NZ guests:** <https://www.healthpoint.co.nz/covid-19/>

**Important:** If you are traveling independently and have made your own air arrangements, please ensure that you have checked local requirements for your arrival port and contacted your air carrier for their requirements. Additionally, if you are traveling independently, outside of your home country and before your first Viking activity – embarking ship or joining a pre-extension – PCR test must be taken 72 hours prior to your first Viking activity.

### WHAT YOU NEED TO DO BEFORE YOU GO:

**FOR UK GUESTS ONLY: PRIOR TO LEAVING THE UK**

- *Prior to travel you must arrange your COVID-19 test which must be taken before the end of day 2 after your return home to the UK. This must be a privately purchased test through a government approved provider and not an NHS lateral flow test. Prior to travel for further information and updates, please visit the Foreign & Commonwealth Development Office (FCDO) [here](#).*

**EMBARKATION PROCEDURE:** After passing through all the document verification checkpoints (e.g., customs, immigration) you may be randomly chosen to take a rapid COVID-19 Antigen test before leaving the airport, if you test positive, you will be isolated at a quarantine hotel and undergo further PCR testing. If you are negative or are not chosen to take a test – then you will be transferred to your ship. You will then proceed to your stateroom where you will be required to provide a saliva sample. Please refrain from consuming any food or beverage item or smoking for at least one hour before submitting your saliva sample. While waiting for your test results, you will be able to use the public spaces on board observing current mask and social distancing requirements.

**You will also need to undergo the following COVID-19 screening prior to your cruise:**

- Temperature check (a temperature reading of less than 100.4°F/38°C).
- Questions in relation to your general health, COVID-19 symptoms, or possible exposure.
- Accept and agree to using contact-tracing technology during your cruise.
- Complete any required check-in procedures.

**DURING YOUR CRUISE:** You will have periodic COVID-19 tests (via non-invasive saliva samples) on board as required by Viking and/or any countries through which we sail. You should also have your mask, proof of vaccination and passport with you in case it is needed.

**Independent Exploration:** At this time, guests are able to explore on shore independently while following the requirements in the country they are visiting. However, conditions and restrictions continue to change and vary by country. The ability to explore ashore independently may change at the time of your visit.

**DISSEMBARKATION/RETURN FLIGHT:** Prior to leaving your Viking ship, you will be required to take a final COVID-19 test to satisfy the requirement for pre-flight testing before arrival in your country.

*All guests should ensure they understand their countries re-entry requirements prior to leaving for your trip, see below for reference.*
